

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 653824

EU-CIRCLE

A pan-European framework for strengthening Critical Infrastructure resilience to climate change

Bulletin 3

Clustering activity with FLORIAN fair (May 2016)

Fraunhofer IVI (Department of Strategy and Optimisation) presented the EU-CIRCLE concept, its risk assessment and resilience framework related to the transportation infrastructure in the booth of Fraunhofer, in the "Florian" National fair in Dresden , Germany.

EU-CIRCLE training in SSARS 2016 (June 2016)

The first EU-CIRCLE Training Course – Safety of Multistate Ageing Systems- took place in context of the SSARS 2016 Conference (10th Jubilee Summer Safety and Reliability Seminars), which took place in June 19-25, 2016, Gdańsk/Sopot-Jelitkowo, Poland

Clustering activity with PLACARD project (June 2016)

In context of the clustering activity of EU-CIRCLE, a presentation of EU-CIRCLE project objectives and preliminary results was given during the PLACARD (H2020 Project) General Assembly that was held the 29th of June at Leipzig, Germany.

EU-CIRCLE consortium plans to organize in March 2017, jointly with the Cyprus Civil Defense (CCD), a workshop to showcase EU-CIRCLE concept to Cypriot Authorities and CI Operators. The workshop shall include a table top exercise based on a scenario combining forest fire and flood impacts to CIs. The JRC group on CIP will also join the event.
